## 1 SURVEY FOR THE USER STUDY

Before testing our approach with real users, we submitted a form to collect useful information regarding our court to better analyze the results of the experiments. The questions with their relative answers were:

- How would you rate your knowledge about Databases?

Figure 1: Histogram for the 10-level Likert scale: 10 means expert.

- How would you rate your knowledge about Database constraints?

Figure 2: Histogram for the 10-level Likert scale: 10 means expert.

- How would you rate your knowledge about Graphs?
